

Resource Lending Library 2014 Survey Summary

The following are the results of surveys conducted in May 2014.

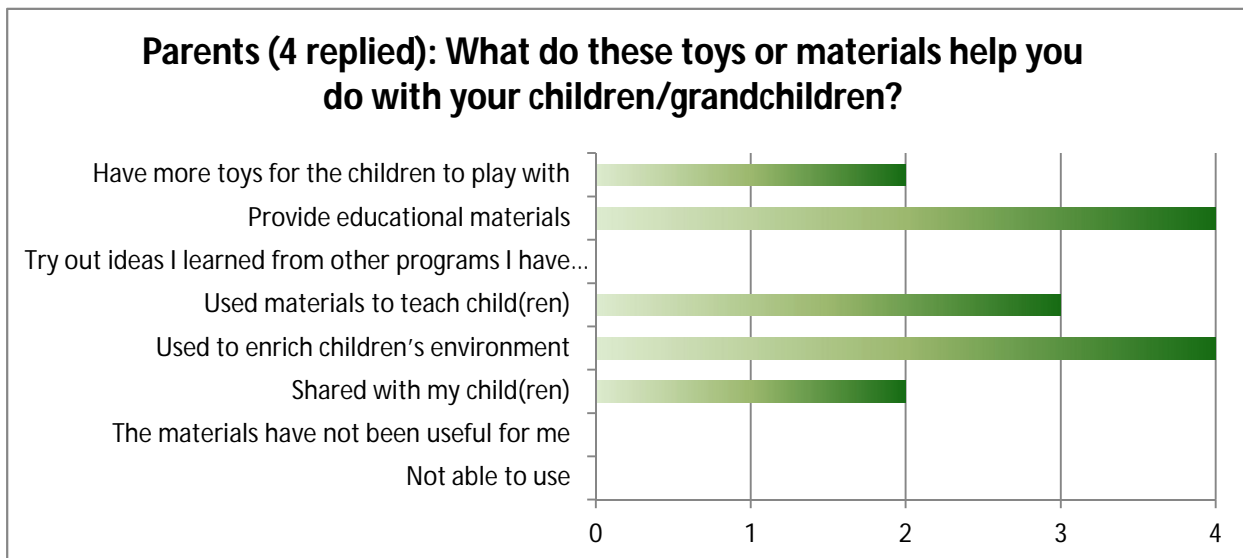

The two child care providers were from two different child care centers.

The following section was aimed at Child Care Providers only.

The following section was aimed at Parents or Guardians only.

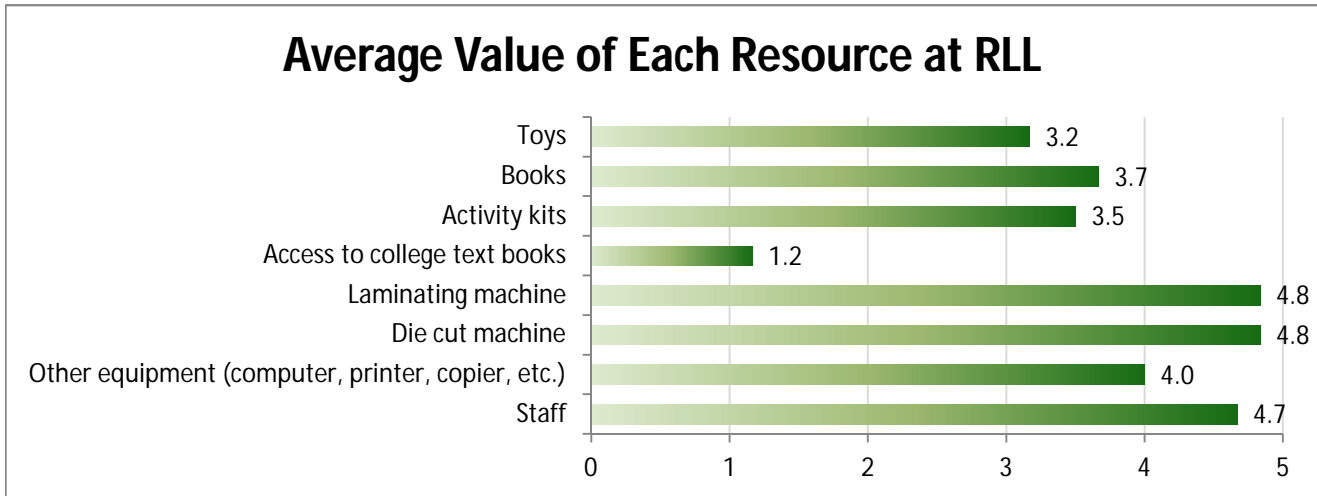

Resource Lending Library 2014 Survey Summary

"Has borrowing materials helped you learn about and use any other resources from the Partnership?"

<i>No. I have only borrowed materials.</i>	1
<i>Yes, I have signed up for parent groups or workshops to learn more about children.</i>	2
<i>Yes, I have learned more about the star rating system for choosing quality child care.</i>	1
<i>Yes.</i>	2

Comments:

learned about all other services they have
I learned through borrowing materials about the lamination of my educational homeschool materials.
Thanks for being there for us:) It's an excellent resource for homeschoolers.

Examples of how items were used:

Used die cut machine to create art projects for my kids
Copies and die cuts for letter sound practice. Laminator allows us to reuse what I make or write on & wipe off papers.
Die cuts used for bulletin boards, name tags
I would use the toys while planning a lesson plan
I homeschool my child and use your educational materials. I also use the laminator and die cut machine to make bulletin boards for school and for our church bulletin boards. It's fantastic!
Activity with children in classroom

Suggestions for improvements:

It would be nice to see school age educational games for check out
keep on being there for Caswell County needs these resources
services are great overall
Maybe get some homeschool based curriculum items, tools, lessons, etc.

Use of special request form:

no, didn't know 4 *no, not needed* 2
