# School Age Behavior Strategies

**Are you ready for a new perspective on managing challenging behaviors? Do you want behavior strategies that really work? Attend this course to understand what students are trying to communicate through the "language" of their behavior. Learn how to apply behavioral techniques and strategies that prevent disruptive behaviors, that reduce power struggles while increasing classroom control, that reduce educator workload, and that help prevent burnout. Find real solutions that can be implemented in your program today!**

*After completing this course participants will be able to create an environment that promotes positive behaviors, name the cause and effect of a child's behaviors, name factors that affect children's behavior, describe effective strategies to deal with challenging behaviors.*
